

Extend the warranty\* on your existing Maruti Suzuki for a nominal fee.  
Peace of mind comes absolutely free.

As everyone knows, no Maruti really needs a warranty. But just to go that extra bit to show how much we care, we're enhancing the 2-year primary warranty on your car with *Maruti Suzuki Forever Yours Extended Warranty \* programme*. You now have the option of extending it by one or two years for a nominal charge. You can avail of this warranty programme anytime before the expiry of the 2-year primary warranty or before your vehicle crosses 40,000 kms., whichever is earlier. Ask your dealer for details. Sign on the Extended Warranty Programme and drive a car that's not just built with superior technology and backed by over 1000-city network of service stations but one that guarantees total peace of mind.
